

REFERENCE LIST

CHEMICAL AND PETROCHEMICAL INDUSTRY

Azot OAO, Kemerovo

1997-2001	Integrated control system and anti-damage protection of the Ammonia synthesis unit AM-70: equipment delivery, installation, start and adjustment, software development, commission, training courses, technical support
-----------	---

Sayanskkhimplast OAO, Sayansk

1998-2004	Integrated control system and anti-damage protection of vinyl chloride and polyvinylchloride production: equipment delivery, installation, start and adjustment, software development, training courses, technical support
2005-2006	Designing, software development, equipment delivery, start-up and adjustment of PCS : transfer of chlorine and caustic soda mercury production to membrane technology
	Designing, software development, equipment delivery, start-up and adjustment of PCS in workshop 40 (4 th drying line)

Angarsk petrochemical company OAO, Angarsk

1999-2000	Development, installation and delivery of petroleum refinery stock tank control system; training courses;
2003	Equipment delivery for liquefied gas store PCS, object no. 193 (stage 1)
2006	Equipment delivery for liquefied gas store PCS, object no. 193 (stage 2)
2006	Delivery of gas chromatograph

Krasnoyarsk synthetic rubber plant

2001-2005	Delivery, start and adjustment of PCS for synthetic rubber production.
2006	Software development under the project for modernization of workshop 8 ^B

Linat-Techno, Novosibirsk

2003	Automated control system of oil refining pilot plant.
2006	PCS for NPU-50-1 unit. Project development, equipment delivery, start-up and adjustment
	PCS for NPU-50-2 unit. Project development, equipment delivery, start-up and adjustment

Tomskneftekhim OOO, Tomsk

2004-2006	Designing, software development, equipment delivery, start-up and adjustment of Automated Telemechanics Control System in polyethylene intake-analysis, mixing and storage tanks
2005-2006	Designing, software development, equipment delivery, start-up and adjustment of ACS for portion polyethylene production dozers
2005-2006	Designing, software development, equipment delivery, start-up and adjustment of PCS air blowing subsystem in tanks in polyethylene production workshop no. 410
2006	Designing of requirements specification and project documentation for ACS of air blowers 5010.5, 5010.6 in polyethylene production workshop no. 410

VolgoUralNIPIGaz OOO

2006	Development of kovytko gas-condensate field. Stage 2 (Designing, equipment delivery, supervisory installation, start-up and adjustment)
------	---

Projects under development

Novosibirsk chemical concentrates plant

2007	Production PCS and connection to company PCS. Project development, start-up and adjustment
------	--

Sayanskkhimplast OAO, Sayansk

2007	Designing, software development, equipment delivery, start-up and adjustment of PCS for workshop 44 (stage 1700)
------	--

Krasnoyarsk synthetic rubber plant

2007	Software development under the project for modernization of workshop 9 ^B
------	---

Tomskneftekhim OOO, Tomsk

2007	Equipment delivery, start-up and adjustment of ACS of air blowers 5010.5, 5010.6 in polyethylene production workshop no. 410
	Designing, software development, equipment delivery, start-up and adjustment of ACS for refrigerating unit ABHM-3000P

Sincerely,
commercial director

A.A. Rakshin
