Bulk materials batch weighing systems

Designing, development and implementation of batch weighing systems for bulk materials is one of key activities of our company.

We produce: - AKBC-1 automatic conveyor weigher;
 - DOZA continuous batch-weighing feeder.

We hereby introduce our major customers for bulk materials batch weighing systems.

Bratsk aluminium plant

2002-2005	Modernization of equipment on the field level of anode past plant PCS (Continuous automatic belt batch-weighing feeders "DOZA"; Batch system for materials feed to hammer crushers; Level measuring system for storage hoppers)
2005	Replacement of belt-type batchers for rolling crushers in the main building of anode past plant (Continuous automatic belt batch-weighing feeders "DOZA"; Batch system; Level measurement system)

Raychikhinskaya hydroelectric power station, AmurEnergo OAO, Progress settlement, Amur region

2004	Coal flow control system
------	--------------------------

Abagur sintering plant, Federal joint stock company, Evrazruda OAO, Novokuznetsk

2004-2005	Delivery of weighing conveyors
-----------	--------------------------------

Novokuznetsk Iron and Steel Plant OAO, Novokuznetsk

2004-2005	Coal blend batch system PCS for the old batch department of byproduct coke production coal washing shop; Automatic control system for firmware of coal blend feed to coal bins
-----------	--

Sibneft-ONPZ OAO, Omsk

2004-2005	Delivery of continuous batcher DOZA for dosing of calcined coke
-----------	---

Krasnoyarsk aluminium plant OAO, Krasnoyarsk

2004-2005	Reversible weighing conveyor for weighing and transporting of calcined coke in anode paste plant and DOZA batchers for Foundry no. 1
2005	DOZA batcher for Foundry no. 1
2005-2006	DOZA batchers for anode paste plant

Belovo concentrating plant OAO, Belovo, Kemerovo region

2002-2005	Control system for continuous batchers. Automated control system for belt feeders of dosing unit on the coal reception plant
-----------	--

Ecoton+ OAO, Astana (Aerated concrete production), Republic Kazakhstan

2004	Sand batcher
------	--------------

West-Siberian Iron and Steel plant, Novokuznetsk

2003-2004	Delivery of DOZA batcher for sinter dosing to sinter and lime plant
-----------	---

Sibtenzopribor OAO, town of Topki, Kemerovo region

2001-2005	Delivery of control systems based on Siemens controllers for continuous belt-type batchers
-----------	--

Zhirekensk Ore Mining and Processing Enterprise OAO, Zhireken settlement, Chita region

2005	Bulk materials flow control systems
------	-------------------------------------

Chusovskoy metallurgical plant OAO, town of Chusovoy, Perm region

2005	Delivery of control system based on Siemens controllers for batch-weighing feeder 4488DN-U of Agroescort ZAO production
------	---

Achinsk alumina refinery OAO, Achinsk

2005	DOZA batcher for coal dosing
------	------------------------------

Vostochny port OAO, city of Nakhodka (Vrangel settlement)

2005	Delivery of conveyor weighers for production and loading facilities.
------	--

Bukhtarminsk cement company, Republic of Kazakhstan

2006	Components dosing system in raw materials preparation plant.
------	--

Angarskcement OAO, Angarsk, Irkutsk region

2006	Delivery of group dosing systems for mixing departments
------	---

Achinsk alumina refinery, Achinsk

2006	Delivery of weighing conveyors for ore mills
------	--

Amurmetall OAO, Komsomolsk-on-Amur

2006	DOZA batcher for stock preparation department
------	---

Sincerely,
commercial director

A.A. Rakshin
